Principal's Letter

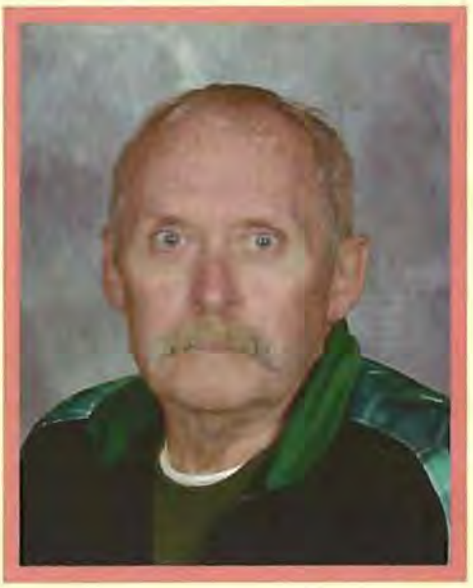
In writing a letter to the West Rutland School Class of 2020, let us think reflectively on the events that led to your Senior year. That memory might be that one game, win or lose, that one performance where you hit every note or that assignment that caused you evenings of aggravation. Along the way there was also support from a variety of individuals who helped you through these events. Those might include parents, grandparents, siblings, a neighbor, classmate, coach or a WRS staff member. For all of us there is that one person who stood out as that support. They may have offered words of encouragement when we were feeling down or full of self-doubt. This individual, whether in person, on the phone, a text or through social media gave you that pick-up you needed.

A yearbook has two purposes. One is a reflection of what happened during the school year of 2019- 2020 in West Rutland, Vermont. Secondarily, years in the future this yearbook will be the conduit that transports you back to not only your senior year of high school, but in the case of WRS, possibly thirteen years of your life. With a quick scan of my own yearbook, a single picture brings a flood of memories. Many great times, some not, but nonetheless still memories. Looking at class superlatives, I can laugh and upon reflection, figure out if they came true. The pictures of the clothing, hairstyles and music caused me to laugh as much as how much hair I had some 30+ years ago when I graduated.

So, please keep this yearbook tucked away safely. At some point years from now, pull it out, give the pages a flip and have a laugh. Your time here helped shape who you have become as a person. West Rutland School is a special place. In your time here, you may have not appreciated the school. At some point, upon careful reflection, it's importance will be as visible as the pictures in this yearbook. Best of luck in your future endeavors!

-Mr. Slenker

Dedication



The Class of 2020 would like to dedicate our yearbook to Mr. Carl Serrani. We would like to thank you for pushing all of us to be our best selves, and to always strive for greatness. You have been in our lives since we started our journey at West Rutland. Thank you for not only being a great coach who has led so many of us through multiple championships, but also helping to shape us into the people we are today. Your leadership and dedication to our class has made all the difference. Because of you, we know what it means to be a true leader.

The Class of 2020 would also like to dedicate our yearbook to

Mrs. Jennifer Jackson. You touched all of our hearts and minds during the few years you taught at this school. Your infectious laugh and positive attitude made us feel welcome in your classroom and in the halls at West Rutland. We always felt like we could come to you with any problem, big or small, and that we could count on you for the best advice. Though we do not see you everyday, know that you have made an impact on our lives.

Thank You's-Thank you to my dad who has helped me throughout high school and has been my number one supporter through everything and has put me and my brothers first before himself. Thank you to my brother who has always been a role model to me and has always been there for me for absolutely anything. Thank you to Ms. Lousielle for all of her help from college applications, scholarships, and everything I ever needed help with. Thank you to all my aunts for all they have done for me and always being somebody to talk to. Thank you to my sister for being such a great role model and being a person I can always talk to. Thank you to Coach Z for being such a great coach my senior year of soccer being a first-year coach, and being a best friend. Thank you to Mr. Maxham for coaching me since I was in middle school, teaching me so many skills, and overall being one of the greatest coaches I have had. Thank you to Coach T for sticking with us, even after a 1-19 season, and coaching me since my Sophomore year of high school. Thank you to Carl for everything he's done for me and all the skills and inspiration he taught me in aau.Thank you to all my teachers for all they have taught me and pushed me to make my assignments the best they can be. Thank you to all of my friends and family who have helped me through everything and helped me in so many ways. Thank you to my friends mostly for the memories that were made during this time in high school.

What would you tell your five-year-old self now? I would tell my five year old self to cherish life and how easy and less stressful it is, don't take advantage of all the little things, when all those big kids tell you life goes by fast and you laughed, they were telling the truth. Find ways to smile, there are many out there. Also high school is where school matters, and to stay on top of it more than I am now.

Class Prophecy

It was now the year of 2030 and the class of 2020 all met up at Applebees, in Rutland, where they all used to meet up in high school. We all took a trip down memory lane, and enjoyed catching up since so many people had moved away after graduating. The girls worked together to plan this reunion, just like they had to plan everything in High School. It took the boys and Alissa up until a week ahead of time to RSVP, they are always last miniute. Luckily, almost the entire class was able meet up!

Carter was unable to make it because he has been really busy working on the new video game he will be releasing in 2032. He sent us a message saying that he wishes us all the best, and he is so sad that he was not able to make it.

The first to arrive was Becky. Ever since high school, Becky has hated being late to things because she was traumatized after she was late when she got her drivers license, so she arrived an hour early... just to be safe. Deanna rolled in 5 minutes after Becky with her 2029 Jeep Wrangler. She parked right next to Becky and they catch up in Deanna's car until everyone else got there. Showing up right on time is Kiera, Ryan, Liam, Alana, and Alissa. They were all so excited to catch up with all of their high school friends. The next to stroll in ten minutes late is Jenee', Kyle, and Bailey. Jenee' apologized for being late... she slept through her alarm that she set when she took a nap earlier in the day. The other two apologized also for being late, but it was okay because we are so glad that they could be here with us. We have not gotten to see each other since our virtual graduation caused by COVID-19, which forced us to end our senior year a couple months short. We reminisced on that horrible time and we still can not believe that happend to us, but we all ended up being okay, just like everyone told us we would be.

Our waiter finally comes and asks us for our order and if we were there for half-apps, which of course we were. As we are all catching up we talk about what we have done in the last 10 years. Kiera starts sharing her journey with becoming a teacher and how she applied for a job at West Rutland. She also just bought her first house with her fiance, and finally got the bernese mountain dog she always wanted! Sitting next to Kiera are her two best friends, Becky and Deanna. Becky is living in Beverly Hills, so everyone was excited to see her here! Becky just started a new job where she will be able to travel all around the world helping plan the olympics. She also has been married for two years and has a baby boy. Deanna just announced she was moving back home from Florida, which everyone is so excited about, she is also married with a baby. Deanna has applied for an elementary teaching job at West Rutland.

As we continue to share about our lives, Liam shares what he has been doing. Liam moved to Hawaii and bought a one bedroom apartment with his dog. He was excited to share that his house is only about five minutes away from the beach and that he has a convertible L5. He was offered a Civil Engineering job and he absolutley loves it. Luke, who is sitting right next to him, starts sharing crazy helicopter stories. He is living a great life, but doesn't have a permanent home because he is traveling so much because of his job, he then shared that he has flown multiple celebrities, which we all thought was so cool!

After we all got our food, everyone decided we should continue sharing. So, Madison started off by showing us pictures of her cute dogs. She then preceeded to tell us about her journey of becoming a Nurse. She was excited to share with us that she has just started a new job at a big hospital, and it is her dream come true. Madison is living a great life in a hige house with her fiance and two dogs.

Jenee' shared with us that she lives in an apartment in Boston like she always has dreamed of doing. When she got out of college, she got an internship with the Boston Celtics, and she is now an assistant event coordinator for them. After Jenee' shared with us how she was doing, we all were in shock that she actually left Vermont. Bailey then went on about how she just quit working her part-time job at Hannaford because she finally paid off all her students loans during the process of becoming a Lawyer. She just recently got married and bought her first home. Within the next week she will be starting her job at the law firm she has always dreamt about working at.

We all decided that we wanted dessert and since Kyle and Ryan were being quiet, we finally convinved them to talk about how they have been doing over the years. Kyle began to share what he has been up to. He told us that he is now working a part-time job while he is trying to start his own buisness. He is living in a 3 bedroom apartment with some of his friends from college. Ryan then adds that he is enjoying life as a business man. He has an apartment with his fiance and over the last couple of years he has been trying to start his own business. He then told us that he is proud to annouce that he will be opening up a new business early next year. We were so happy for him!!

Alissa started sharing what she has been up to, and she has been living a great life. She went to college to become a teacher, and once she graduated, she got her first job as an elementary teacher. She also just got married and bought a house with her husband and son. Alana decided to share next. She has been doing a lot. She is working at a bank and is very content working there. She also is living in a small home in Rutland where she has 4 dogs and she is also living with her boyfriend. Lastly is Ken. He opened his own Auto Body Shop, with all of his hard work, he was able to buy a beautiful home in Clarendon. Also, as a result of his hard work, he was able to make sure his shop had the newest and greatest equiptment! We could not be more proud of him and his accomplishments.

All of us were beyond happy that we were able to get almost everyone in our class to join us at our reunion, and we are looking forward to our next one. Everyone is happy that we are living such great lives, and all agreed we need to stay in touch. As we are leaving, we say our goodbyes and we make sure to let everyone know how proud we are of each other. We loved this opportunity to catch up, because it was extremely needed.

Saying goodbye was definetly hard, but we all knew we would see each other again soon.

Bringing Back The Tradition

This year kindergarten buddies were brought back. Every Friday the Seniors go down and do an activity with their kids. This tradition has been missed by the Seniors and is unique to our Pre-K through 12 school. Every Senior will leave this school remembering their time with their buddy and the connection they made with them. The time spent with the kids is special as this is Ms. Coombs and Ms. Ojala's last year. We will miss them!

National Honors Society

Members: Madison Guay, Mallory McGuiness, Kiera Pipeling, Alana Raymond, Liam Beaulieu

The National Honors Society spent the year serving the community members. They organized a Thanksgiving food drive for the local food shelter, a blood drive, and they served for Meal on Wheels. Their services have benefited many members of our community.

ART

Our students were busy this year in Art creating self portraits, pictures of items that meant a lot to them, and more. Mrs. Dutton worked with each student to create art that they would be proud of and hung it throughout the building for others to see their work and progress in class.

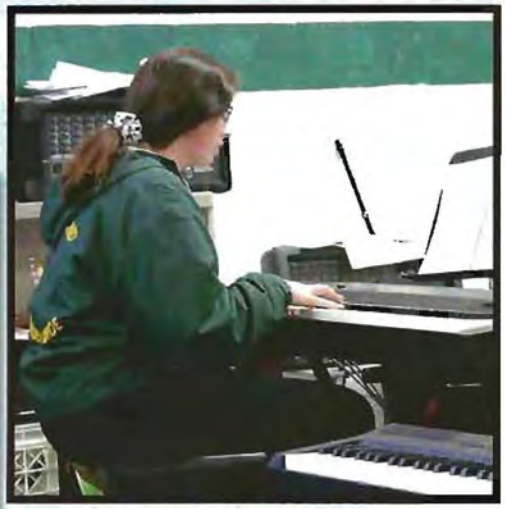
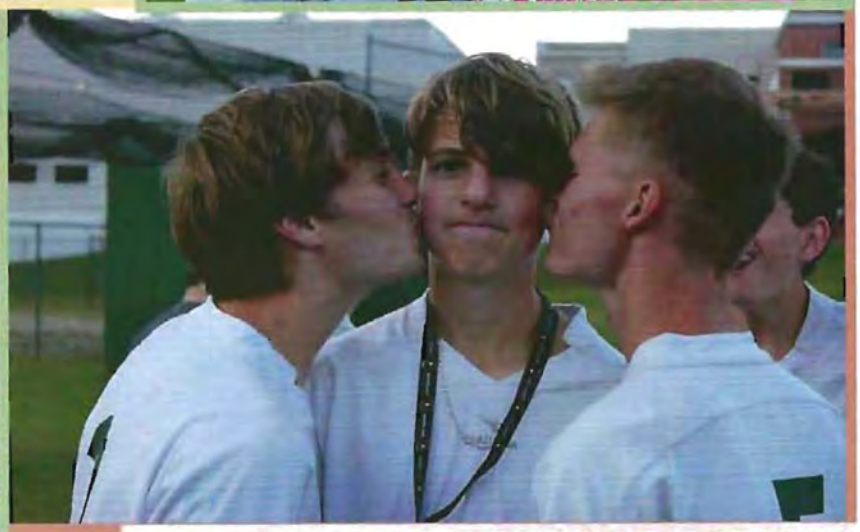
Music at WRS

Music at West Rutland School was brilliant again this year thanks to the two best music teachers in the state! Students had the opportunity to play for many different people, including those at coffee house, the Christmas concert, and they were able to play at a few local benefits. Kids are challenged to use their skills and express themselves through the music they create.



Falling into Autum



at Westside

The Fall season here at Westside is no doubt the busiest. Between Homecoming weekend, many soccer games, the Halloween parade, and playoffs, there are so many memories made with all of the students. But the Fall is only the beginning of our Westside story...

Homecoming

Every year, Westside's Homecoming is a day full of fun games, good food, and friendship. The Varsity Girl's soccer team tried their best and hustled the entire game. They never gave up until the final buzzer, and lost 2-4. The Varsity Boy's team ended up tieing with Proctor in double overtime. The game was filled with great plays and great sportsmanship. Overall, Westside's 2019 Homecoming was a great success.

WRS

This season the Girls Varsity team had an amazing record, ending their regulation season in second place. Going into playoffs their record was12-2-0 with their only losses being to the number one seed Proctor. During playoffs they had a good run, and when they played Rivendell in the Semi-Final game they worked extremely hard, but unfortunetly lost 2-1. At the end of the season their record was 14-3-0. There were five lucky players who were named as part of the SVL. Those girls were: Kiera Pipeling, Jenee McGee, Madison Guay, Kiana Grabowski, and Serena Coombs. Deanna Kenyon received an honorable mention.There were also four girls selected to be a part of the All State first team. They were: Kiera Pipeling, Madison Guay, Kiana Grabowski, and Serena Coombs. On Sunday November 3rd Kiera PIpeling amd Madison Guay had the honor to play with seniors from all division to tryout for the All-State team.

Winter

Winter in Westside has been eventful. The boy's and girl's basketball teams both had successful seasons. The girl's team made it to the semifinals with a regular season record of 19-1. Though they lost, they played their hearts out! The boys won their first round of playoffs in an exciting game but had a tough loss to Danville in the quarterfinals.The music program put on fantastic winter concert and we had winter carnival full of rivalry but fun!

Look What We Have Done...

Junior Mason Galante made this cabinet through his learning at Stafford!

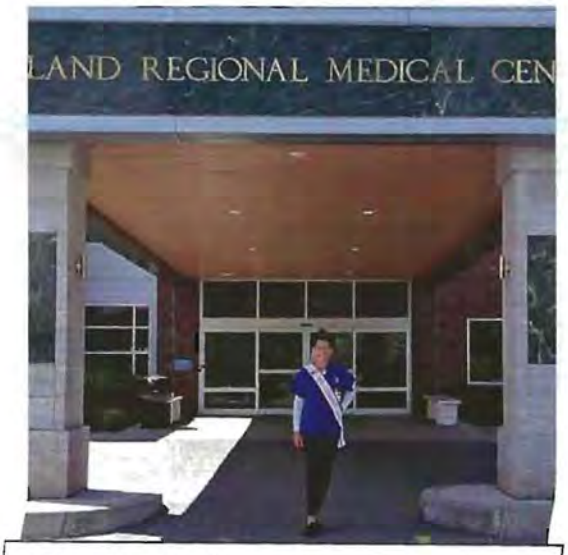
Junior Abi Farrow takes part in a local rock climbing competition!

Freshman Mallory Hogan spends free time out of school riding horses!

Some of our students took the time to volunteer at the local food bank this year!

Freshman Caden Reed poses for a picture after one of his games. He played football for Poultney this year and won a state championship!

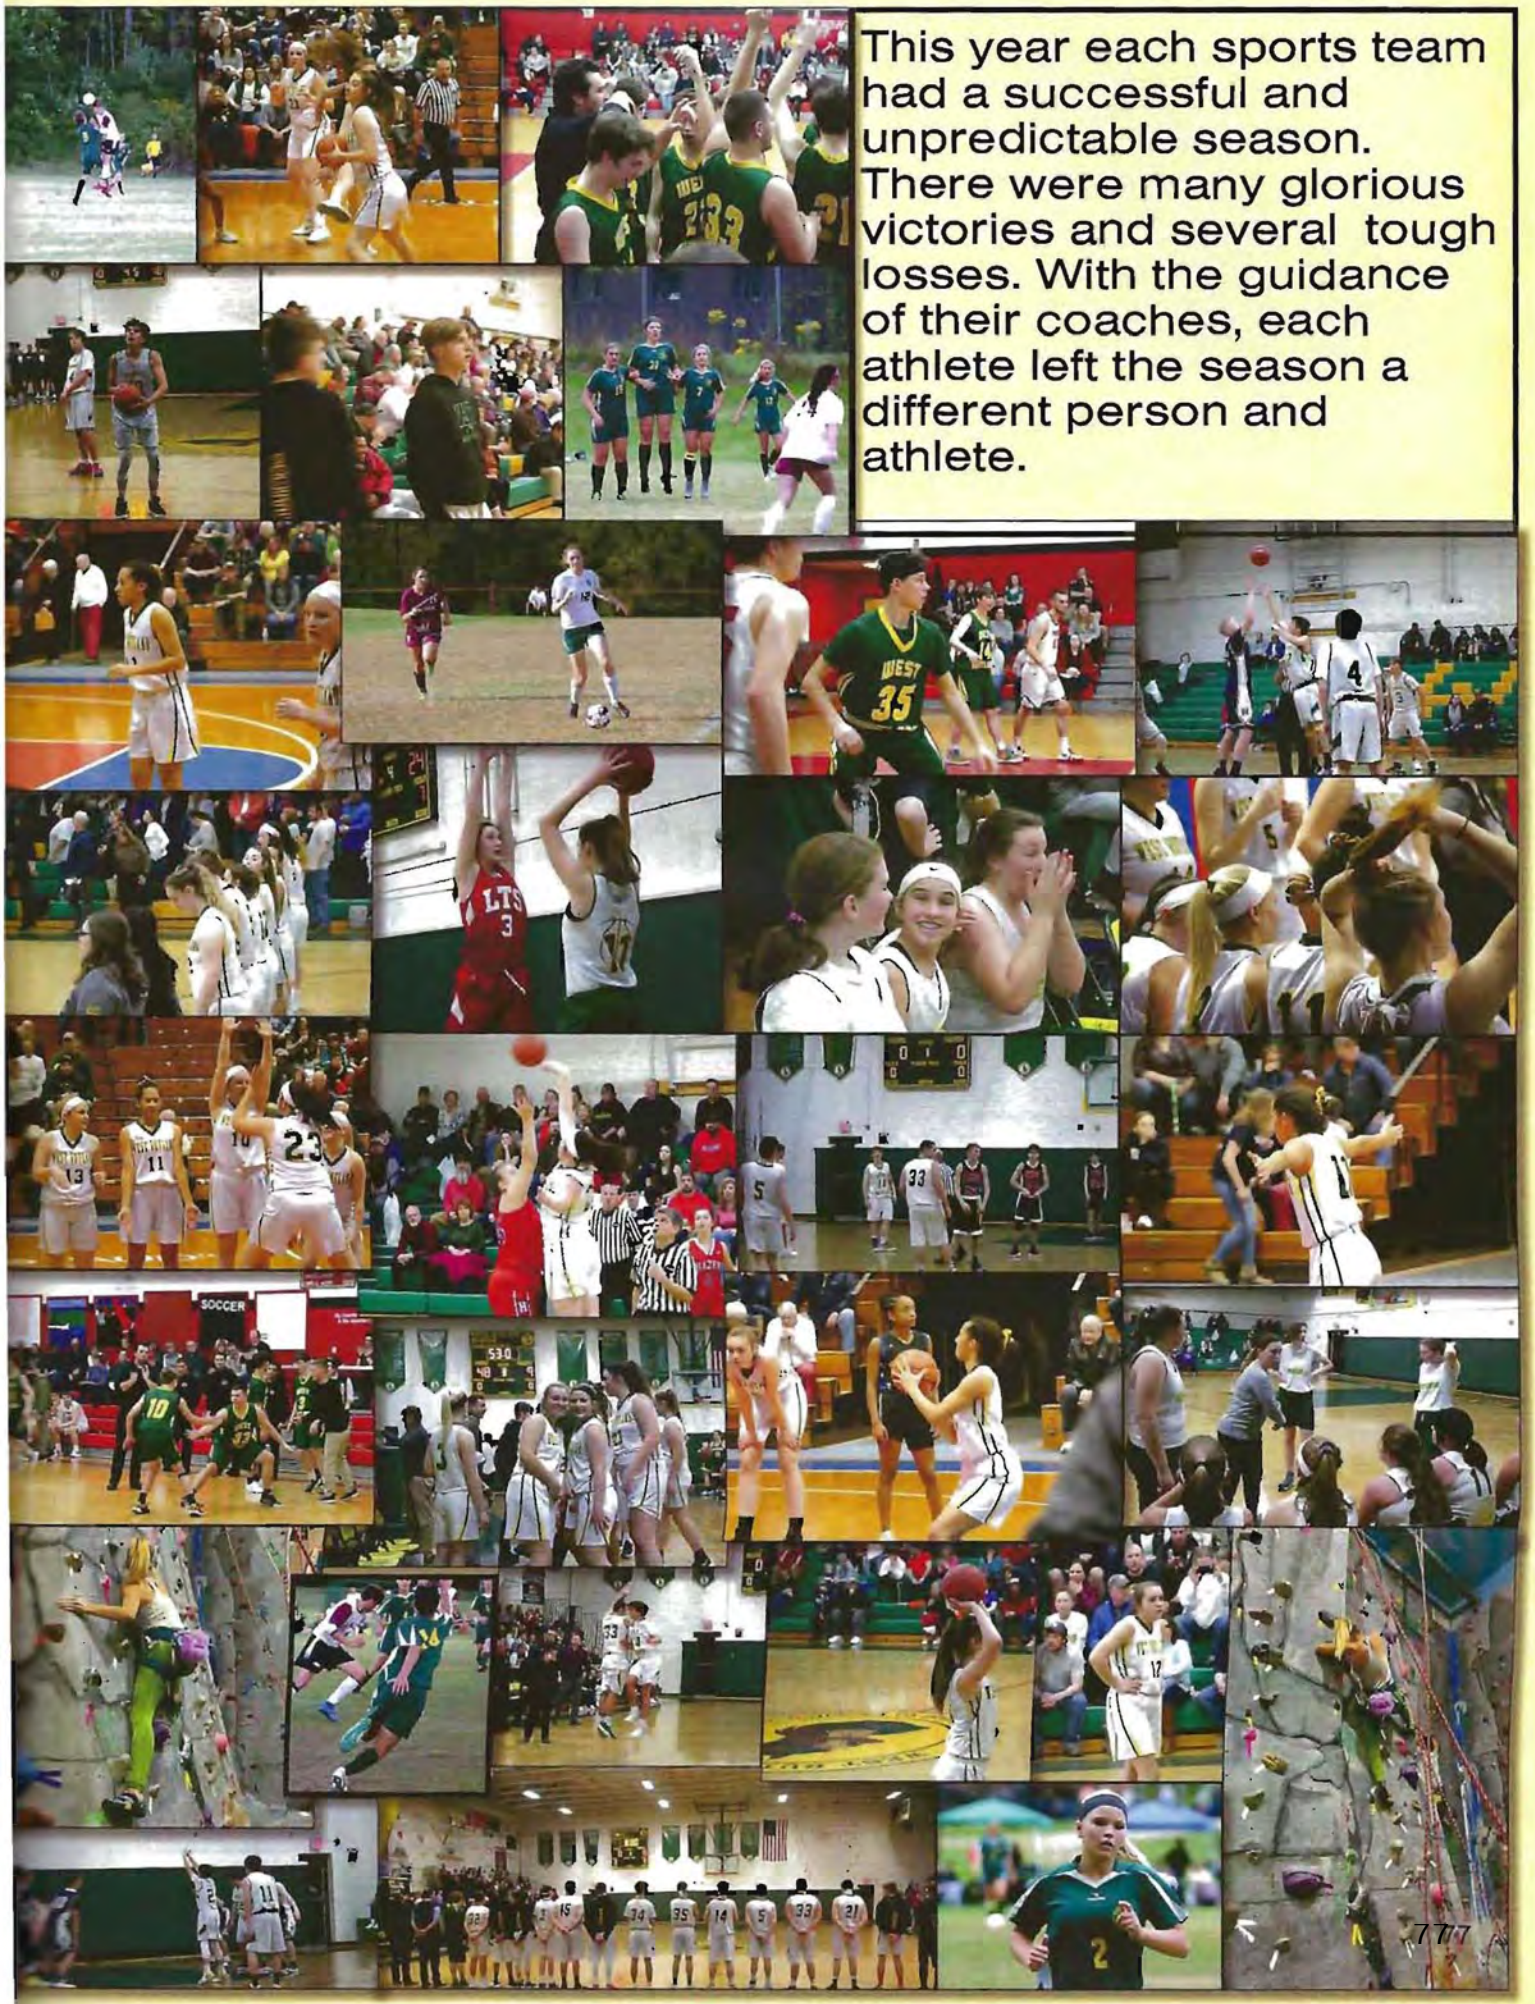
Brandon likes to make lunch for the teachers!



Senior Kiera Pipeling has spent many hours volunteering at RRMC and this past summer, she completed an internship in the birthing center!

A sneak peak at the day in the life of a WRS student!

This year each sports team had a successful and unpredictable season. There were many glorious victories and several tough losses. With the guidance of their coaches, each athlete left the season a different person and athlete.



Holidays

78

Holidays at West Rutland are fun-filled and busy. First, there is a community Halloween parade which was held in the gym this year. Shortly after, there is a Thanksgiving lunch with the parents and kids. During the Winter Concert, the younger kids and the Rock Lab perform pieces that they have worked hard to learn. And, the day before break, there is a school-wide sing-a-long with Santa Claus!

To Our Class Advisors...

The Class of 2020 would like to give the biggest thank you to both of our class advisors, Ms. Pipeling and Mr. Olewnik. They have been so helpful for the past five years, and we will always be thankful for them. They were kind enough to skip their year off from advising, and took our class for an extra year, which we were extremely grateful for. Without your direction we would not be able to have made our dream of going to Disney a reality. You have both put in a great deal of work over the past five years while deaing with our craziness and we appreciate it more than words could ever describe.

Mr.O, thank you so much for willing to help our class with everything we needed during the past five years. You always made sure we stayed on task so that we could achieve everything we set our minds to. Thank you, Ms. Pipeling, for always being there to help us whether it was just a person to talk to or someone to sit down with us to make sure we can attain all of our life goals.

You have both been so amazing throughout the past five years, and you both have made a huge impact on all of our lives in the best way! Not only that, but you have also helped us to become the people we are today. Please know that we will never forget the kindness and the endless support that you have given us as we have cleared the path towards ours future. We will be forever grateful for everything you have done for us!

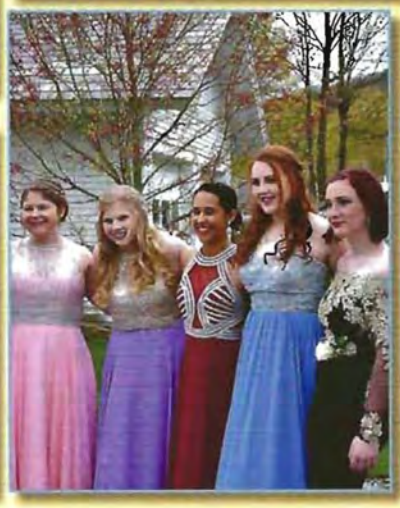
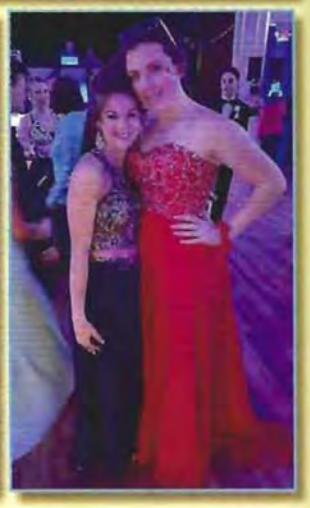
Spring 2019





Spring 2019

Spring in West Rutland was very successful! Our prom was filled with beautiful dresses and dashing tuxedos. Everyone had a blast dancing the night away. West Rutland also put together a track team, and on that team was an individual state champion for javelin, Isabell Lanfear. Lastly, the Varsity Softball Team won their second State Championship in 3 years. They had an amazing 2019 record with only one loss!

Dear Madison,

It takes a great deal of courage to do something different than what's expected of you and walk your own path. However, you did it with passion, dedication and determination every step of the way. You turned challenges into motivation and reached your destination having achieved nothing short of academic excellence. Words will never fully express how proud we are of you and what a joy it has been to watch you along the way. May you always be courageous enough to pave your own roads and have the determination to achieve nothing but greatness as you do.

Always be kind, be humble and leave your mark, MG.

Love you always and forever,

Mom, Dad, Peyton and Peter Jackson

"You have to leave the city of your comfort and go into the wilderness of your intuition. You can't get there by bus, only by hard work and risk and by not quite knowing what you're doing, but what you'll discover will be wonderful. What you'll discover will be yourself." - ALAN ALDA

Best Wishes for Success, The West Rutland Sports Booster Club

Congratulations Jenee' - YOU DID IT!!!!

From the moment you came into this world I knew you were amazing. You are a driven, compassionate, smart and a talented young lady. We love your originality! We are so proud of your accomplishments and look forward to this next chapter in your life. As you go off to college remember to explore, create, laugh and most of all have courage and stay true to your beliefs.

We Love you and will always be your biggest cheerleaders!

Love, Mom and Jason

Congratulations to the class of 2020!!

The West Rutland School Yearbook staff would like to thank all of the people who have helped to make this years yearbook a success! A big thank you to all of the people who purchased ads.

We have the best Faculty and Staff!

Retiring Faculty

Mrs. Dawn Daley

Mrs. Daley has been teaching for 39 years and 35 of them were at WRS! She has taiught everything from K-12, reading to ELA! She says sheplans to spend her free time with her six grandchildren, crafting and reading and doing some volunteer work. She will miss helping the children to become readers, the excitement and enthusiasm about learning, and the community of peers that always had her back. She will miss the parents and community members that have always been so supportive of Westside!

Mrs. Marie Coombs

Mrs. Marie Coombs has not only been a dedicated teacher at West Rutland School for many years but also attended West Rutland School. She is ending her career as a devoted kindergarten teacher and head of the alumni association at the school. She will be missed by all of her colleagues as well as her former students. We wish her the best in her retirement!

Mrs. Mary Ojala

Mrs. Ojala has been at WRS for 37 years and has been teaching for 40! She has taught a variety of grades and has enjoed all of them along the way. Though she is looking forward to spending more time with family, traveling, and playing golf, she says she will miss WRS and allof the people that she works with.
